HOW THE LIBRARY IS OFFERING SERVICES

Did you know that you can access all of the library's usual services at this time?

It's true!
Things look a little different right now, but we are working hard to take measured and deliberate steps back toward "normal."

So, how can you access our services? There are three ways:

- **In person!**
  - Want to come in? Ring the blue doorbell! You will not hear the sound, but we will. We will greet you at the door and if we are not at capacity, you can come in and browse, use the computer, make copies, send a fax, or just say "hello!"
  - If we are at capacity, you may need to wait. If you prefer not to wait, you can come back anytime we are open, or we can put together a curbside pickup.
  - If you have a specific need, please let us know.
- **No contact curbside!**
  - You can call, email, or order your books through our catalog or you can request a special "librarian selected" collection of books using our Book Request Form found on the website. Librarians will put together your order and call to let you know it's ready. You tell us which day is most convenient for you to pick up and whether you want contactless pickup or an in-person visit to browse additional items!
  - Want to use a computer but not ready to come in? We've got that covered too! We have a laptop we will bring out for you to use in the comfort of your car! (Just be sure to bring your license in exchange)
- **Virtual!**
  - Not ready to use our physical services? No problem. You can borrow e-books, audiobooks, magazines, tv episodes, and movies virtually with your library card number.

We hope that at least one of these methods is right for you!
It is our goal to ensure that ALL of our patrons are comfortable using our services.
