## SERVICE ANNOUNCEMENT

The MEB Board of Trustees have made the decision to step back in our Phased Library Service Plan due to the increase of COVID-19 cases at this time. Beginning Monday, December 14th, we will be welcoming one person or family unit per half hour, with appointments starting at the top of each hour. (Ex. 10:00 AM and 10:30 AM) Operating hours will remain the same. Please see below for those hours.

If you happen to be driving by and realize you don't have an appointment, no problem! Ring the bell and if we are able, we will welcome you in. If we are not able, you can wait or schedule an appointment for a later time.

If you need to print, copy, fax, or use a computer, call to set up an appointment.

Continue to return items to the book drop and remember that we are still offering curbside service for those who would rather not come into the building. In addition, we have multiple virtual services: Hoopla for borrowing e-books, audio books, television series, movies, and music, and Libby for borrowing e-books, audio books and magazines. See our website at [www.brentwoodlibrary.com](http://www.brentwoodlibrary.com) for virtual programming, including our newest Trivia Challenge - Holidays 2020. We will continue to offer craft kits for pickup and we are adding an adult Card Making program in January with supply pickup and a live Zoom lesson. Please see our monthly newsletter for details as they are released or call me at 603-642-3355.

All my best,

*Janice Miers, Library Director*
