*Cheers*  
TO THE NEW YEAR

How many of you have yearly to-do items that you address either at the end of the year or the beginning of the next? I bet most of you can relate. The library can as well!

We do extra cleaning projects, tally statistics, and send out notices to those who haven't received one during the year, to check in with us. This comes in the form of a library card renewal notice. This process allows us to update your address and to ensure we have the best phone number and email address by which to contact you. We often hear "Nothing has changed," but when we go over the information, invariably something is incorrect. Sometimes it's a matter of human error on our part - we might have typed something incorrectly. Sometimes, a phone number or email address has changed and it never occurred to our patron to call us with the updated information. No matter the reason, it helps us to have more accurate records.

So, when you get the notification, please call to update your information. It helps us to better serve you and as a bonus, it gives us an opportunity to say "Hi!" in the New Year!

If you have any questions, please do not hesitate to reach out to me at 603-642-3355.

All my best,

*Janice Miers, Library Director*
