BROWSING AT MEB

We are happy to announce that based on information from the CDC and the Governor's new Universal Best Practices document we have made some changes to the daily protocols that will begin on Monday, May 10th. What does this look like? The biggest change is that the children's room will be open for full browsing, with proper mask usage and hand sanitizing. Caregivers will be asked to monitor children to ensure a safe experience for all. Due to the space limitations in that area, one family unit at a time will be welcomed to the room and we request that you be mindful of time as other patrons may wish to browse as well. In keeping with this change, we will no longer be asking you to put aside items that were touched while browsing. Please continue to return all library items to the book drop before coming into the library. As a reminder, the library is open to in-person visits - just ring the bell and a staff person will greet you at the door. You will be asked several health screening questions when you arrive. Our goal is to provide a safe and positive experience for all library users! Please let us know if you have any questions. We look forward to seeing you in the library!

In-Person Visit Times:

Monday - 2pm - 7pm

Tue, Wed, Thu - 9am - 6pm

Friday & Saturday - 9am - 1pm
